"That was awesome! So I love it!" Amell said with a laugh during an interview on Lateline, revealing his thoughts about his return (and if the series finale is in place, because if it is it'll definitely be on The Flash). The actor explained "It would definitely be weird (laughs), in that we are not here, on our first episode. That wasn't something I decided, but just in general in life (laughs)".

What does this mean for US citizens? Well, US citizens are getting screwed by the Mexican government on everything from healthcare to financial advice. They're being screwed on everything from education and food prices to the quality of our public schools. On top of this, it's not being reported in very good detail in the Mexican press, so we don't have all the details we want. But this new development is worth reporting, so if there's anything we can do, let's do it! What it can do is delay implementation of the Mexico's 'internet debt' or 'digital security' act until the presidential election next year: if that doesn't work out, then the law isn't going to exist any more.. vIn a recent interview, Stephen Amell said he would like the series finale to take place in his hometown of Los Angeles, explaining "It would probably be weird." So what was his response when he heard that the show had been renewed for a third season?.. The Draal's home at Dragon Bridge lies beneath the mountain's peak, a steep cliff. It was built by his ancestor Talos, and he uses it as a shelter from the elements and sun. Although Dral will not enter into any formal conversations with most mortals, the general public does not consider him to be a danger, though that is unlikely. As of Dragon Bridge, he is a member of the House of Stormcloaks and the Grand Alliance forces fighting the Redoran armies after Skyrim is reclaimed by the player character. In Dragon Bridge, you must find Dral, who is also known as the Dragonborn, but can be interacted with at various points in the game. Dral, also known as the Elder, is a great warrior, fighting in the Alliance, Stormcloaks, the Dragonborn, and the Blades.[2]..
