(This is a Tagalog Dubbed Episode and it was featured on Disney Channel) .....The US State Department is reportedly investigating a Ukrainian lawmaker for using a sketch of former President Obama as the image on the profile of a fake account on Facebook. Vladyslav Seleznev, a Ukrainian member of parliament and spokesman for opposition leader Yulia Tymoshenko, posted the drawing on the social media platform on May 30. He wrote in a post: "The President of Ukraine has not returned to Ukraine yet, so why is he being held in other countries? Why is he hiding and running away?" The post, which is no longer available, has been shared more than 11,000 times. The State Department said it was looking into the matter. Seleznev has a number of other posts using the image of Obama that are apparently not being looked into. Another post used an image of Obama with the slogan: "With this app, you can post to Twitter." In another post on May 11, he wrote: "It's time to give a kiss on Barack Obama's picture!" Seleznev is the founder of another account with a similar profile to his own, called "Baba Yushka" (Daddy Yushka). The account has been used to post anti-government messages and memes in support of Tymoshenko, who is currently imprisoned in an Austrian prison. Tymoshenko has been behind bars since April 2015 for alleged abuse of power when she was prime minister in 2010. She denies the charges. The post by Seleznev has prompted a number of users on Facebook to call for his account to be suspended, with one of them telling a Ukrainian newspaper: "Such a post must be deleted immediately." Last month, Tymoshenko's supporters organised a Twitter campaign to collect millions of signatures in favour of her release. The hashtag "I'm in favour of #YuliaTymoshenko" was among the top trends in Ukraine in May. © 2016 AFPNational Security Council The National Security Council (NSC) is a principal advisory body to the president and the National Security Advisor, who 82157476af
